Town Warrant

THE STATE OF NEW HAMPSHIRE

**To the Inhabitants of the Town of Jefferson in the
County of Coos in said State, qualified to vote in
Town Affairs:**

You are hereby notified to meet at Town Hall in said Jefferson on Tuesday, the tenth (10th) day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see if the Town will vote to raise and appropriate the sum of \$133.95 for advertising in cooperation with the White Mountains Region Association.
4. To see if the Town will vote to raise the sum of \$296.89 and receive the sum of \$1,979.26 from the State for Town Road Aid.
5. To see if the Town will allow the Selectmen to dispose of the old fire truck and place the pumper on a suitable trailer.
6. To see if the Town will vote to allow the Selectmen to administer or dispose of any real estate acquired through Tax Collector's Deeds.
7. To see if the Town will vote to allow the Selectmen to distribute the inventory blanks at the time of taking inventory.
8. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.
9. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this 23rd day of February, in the year of our Lord nineteen hundred and fifty-nine.

COLEMAN D. KENISON,
FORREST W. INGERSON
KENNETH S. REED

Selectmen of Jefferson

A true copy of Warrant—Attest:

M. LEIGH BACON
Treasurer

Town Clerk's Report

I hereby certify that during the year ending Dec. 31, 1958, I issued (385) three hundred and eighty-five auto permits, collecting fees on same amounting to \$3,072.46, which I turned over to the treasurer.

My commission on these amounted to \$192.50.

I licensed 38 dogs, 1 female and 37 males, and 2 kennel licenses, turning over to the Treasurer \$103.50, retaining \$8.00 as my fee for same.

I recorded and reported to the proper authorities ten births and 2 delayed births, thirteen marriages and thirty-three deaths. My fees amounted to \$34.50.

My expenses for the year amounted to \$41.84.

Respectfully submitted,

ALICE M. BACON
Town Clerk

Treasurer's Report

I hereby certify that I have received from the Selectmen, Tax Collector and Town Clerk for year ending December 31, 1958:

Auditor's Report

This is to certify that I have examined the books, vouchers, bank statements and other financial records of the Town of Jefferson for the fiscal year ending December 31, 1958 and found them correct.

SHIRLEY C. INGERSON,
Auditor

Health Report

**Mrs. Alice Bacon, Town Clerk
Jefferson, N. H.**

To the Citizens of Jefferson:

During the year 1958, 47 calls were made to the town. In the Spring, a Triple Toxoid Clinic, sponsored by the New Hampshire State Department of Health, in cooperation with local Grange, was held. This is the first such clinic held in several years here. Forty-two children started the series of three injections and 35 finished; 22 children were vaccinated, and 52 children received Booster injections. Some children have finished their Salk Vaccine Immunizations at the Child Health Station in Lancaster. In November, 113 students and teachers were given the Tuberculin Patch Tests. Six children have attended the Pediatric Clinic in Littleton, and the Orthopedic Clinic in Berlin, both of which are sponsored by the New Hampshire State Department of Health.

A Well Child Conference has been scheduled for the Spring and we hope this will be well attended.

It has been a pleasure to work with the Citizens of Jefferson, and at this time I would like to thank them for their cooperation.

Respectfully submitted,
ELEANOR KENNEY, R. N.
Public Health Nurse,
Coos County
N. H. State Dept. of Health

December 12, 1958

Report from The White Mountains Region Association

Nineteen fifty-eight was a busy year for the White Mountains Region office, particularly in the information and transportation fields.

In view of foreseen drastic consequences, the Region took a very active part in representing our towns in fighting transport curtailment, particularly with regard to the railroads. We appeared at hearings in Concord, North Conway, and Littleton, and engaged in a considerable amount of travel and correspondence in the effort to prevent the Boston and Maine and the Maine Central railroads from cutting out their passenger service. While only limited success resulted, it should be pointed out that such curtailments will go through without even a delay if they are not strongly contested. We have also taken an active part in proceedings before the Civil Aeronautics Board in attempting to secure better air service for northern New Hampshire; the final decision on this is not yet in. In the meantime, we have worked with bus companies to publicize their service in the hope that bus travel may take up some of the slack.

Demands for White Mountains literature of all types continue to increase, and we have been considerably crowded to satisfy them. The new N. H. Montreal office, turnpike information booths, and new sources contacted while out of state have all upped the quantity of literature we need to distribute. As satisfying the requests for folders about our region means dollars to our towns, it is extremely important that we receive enough funds to supply the need.

We have continued our customary and tested programs of 4-H awards, Youth Awards in science, and of liaison with all types of organizations and departments who in one way or another are working for the benefit of our area and our state. We have confidence that 21 years has proved them worthwhile. We have continued to travel to areas outside our state to carry the White Mountains message, and have co-operated with attractions operators and others who are doing the same job in different ways.

We'd like to remind every town again in this legislative year that holding the line in taxes in New Hampshire will be possible to a large extent only as much as we continue to bring in out-of-state visitors to help finance our main sources of revenue (Ex: they pay over 40% of the gas tax and others). To do this, we have to continue to reach out and bring them in, and put up the small sums (which return many times over) that publicity costs. It's for our own benefit, and it **does** pay off. At a small outlay to any one town, an area publicity program operates that benefits **all** our towns. Our surveys in four consecutive years have shown consistently 2½ to 3 times the town monies coming back to the area out of just a few inquirers surveyed.

Your town's part in this work is important, and is appreciated. This is one way where we in New Hampshire can still do things for ourselves.

DAVID S. CASSEDY
Executive Secretary

You Can Help Prevent Forest Fires

Twenty-five percent of all forest fires in New Hampshire are caused from careless debris burning--brush, paper, leaves, grass, etc. Most of them are started without the required permit from the local forest fire warden. The cost of extinguishing these fires annually runs into large sums of money.

According to law, responsible parties must pay the cost of putting them out. In addition, violators may be subject to court prosecution with fines running as high as (\$200) two-hundred dollars.

In the interest of fire prevention why not eliminate burning at home? Use your town dump. It has been set up for your personal convenience. It provides a suitable place for the disposal of dangerous inflammable waste material and other useless items which accumulate around the home and local stores; brush, etc. cut on your property. Eliminate the hazard of burning yourself. It will be easier for you—personally and financially.

If, however, you do burn on your premises:

1. Secure a permit from your local forest fire warden—the law requires it.

2. Be sure to properly supervise your burning. Don't leave it.

3. Make certain your fire is DEAD OUT before leaving it. Save yourself much possible difficulty. Use your town dump.

School Warrant

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Jefferson qualified to vote in District Affairs:

You are hereby notified to meet at the Town Hall in said District on the 10th day of March, 1959 at 1:00 P. M. in the afternoon to act on the following subjects:

1. To choose a moderator for the coming year.
2. To choose a clerk for the ensuing year.
3. To choose a member of the school board for the ensuing year.
4. To choose a member of the school board for the ensuing two years.
5. To choose a member of the school board for the ensuing three years.
6. To choose a treasurer for the ensuing year.
7. To determine and appoint the salaries of the school board and truant officer, and fix the compensation of any other officers or agents of the District.
8. To hear the reports of agents, auditors, committees, or officers heretofore chosen, and pass any vote relating thereto.
9. To choose agents, auditors, committees, in relation to any subjects embraced in this warrant.
10. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of school District officials and agents, and for the payment of statutory obligations of the District, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
11. To see if the District will: (1) vote to raise and appropriate the sum of \$76,000 for the purpose of

constructing an elementary school building on the Steer lot now owned by the District; (2) vote to issue serial notes or bonds upon the credit of the District under the Municipal Finance Act or any other enabling authority to pay for all or any of the sum or sums so appropriated, and authorize the School Board to determine the terms and conditions upon which the notes or bonds shall be issued; and (3) take any other action incidental or connected with the foregoing.

12. To see if the District will vote to raise and appropriate the sum of \$5,000, said money to be added to funds voted under Article 11, for the purpose of equipping and furnishing an elementary school building, and/or paying any other expenses incurred with the building program.

13. To see if the District will vote to have the sum of \$9,763.90 now in the Capital Reserve Building Fund, transferred to the Building Fund established under Article 11, for the purpose of equipping and furnishing an elementary school building and/or paying any other expenses incurred with the building program.

14. To see if the District will elect a committee of three to serve as a Building Committee with the School Board.

15. If none of Articles 11, 12, 13, or 14 are passed, to see what sum of money the District will vote to put in the Capital Reserve Building Fund.

16. To see if the District will vote to authorize the school board to make application for and to accept, on behalf of the District, any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire.

17. To transact any other business that may legally come before this meeting.

Given under our hands at said Jefferson this 17th day of February, 1959.

CHARLES ENMAN, Chairman
HARRY JACKSON
JONAS GLIDDEN, JR.
School Board

Budget for 1959-60

	Amount Spent 1957-58	Adopted Budget 1958-59	Proposed Budget 1959-60

Special Activities & Special Funds	200.00	200.00	200.00
Retirement	817.97	944.02	1,089.50*
Insurance, Treas. Bonds & Expenses	87.00	250.00	220.00
New Equipment	335.50	75.00	100.00
Capital Reserve Funds	2,000.00	2,000.00	
Totals	\$41,364.27	\$43,144.88	\$42,995.21
Total School Budget	42,188.08	43,144.88	
Raised by Local Taxation	37,964.60	37,990.23	
Requested Appropriation, Mar. 1959			\$42,995.21

*The starred items are required by law to be raised as determined by the proper authorities. The District determines the salaries of the District officers. The Supervisory Union Board decides the local share of the Superintendent's salary and other Union expenses. The share paid by the several Districts toward the Superintendent's salary for 1958-59 is as follows: Dummer, \$168.00; Gorham, \$3,321.60; Jefferson,

\$427.20; Milan, \$494.40; Randolph, \$158.40; Shelburne, \$230.40. The State Treasurer also reports the amount of the per capita tax, while the Teachers' Retirement Board assesses the amount for teachers' retirement and the State Employees' Retirement Association assesses the amount for the Superintendent's retirement and other District employees that belong to the system. In those towns that are under Social Security the amount to be paid by the District is established by law.

The amount of appropriation requested will be reduced by the amount of balance left at the end of the year and by the amount of State Aid due the District.

Superintendent's Report

To the School Board and Citizens of the Jefferson School District:

Foreword

Last year at the annual meeting the proposal of the new elementary building for Jefferson was defeated by a close vote. This year you again will have the opportunity to act upon an article in the warrant calling for construction of a new building. I personally feel that this year is a decisive one, and one when as many voters as possible should attend the annual meeting. I am sure that each one who reads this report knows how I feel about the necessity for the new facilities.

Before I go on to give new reasons for starting construction as soon as possible, I would like to review briefly the report of your building committee that was made in December 1956, over two years ago. At that time the following inadequacies of the present building were listed:

1. All four classrooms are too narrow and small for modern techniques.
2. There are no closet or storage facilities, no place for records or supplies.
3. The toilet facilities are entirely inadequate.
4. The location of the present building is hazardous, being too close to Route 2, a heavily-travelled highway.
5. There is very little playground space and no opportunity for expansion.
6. There are no recreational facilities in the present building.
7. After much discussion and investigation, it was decided impractical to repair and renovate the present building.

At the same time a report from the State Fire Marshal recommended thirteen things that should be done to make the present building safer for the students. Nearly all of these recommendations have been carried out except for a complete sprinkler system being installed and having a new flue lining put

in the chimney. Both of these things have not been done because of the expense, the possibility of a new building being constructed and an inadequate water supply for a sprinkler system.

All of the above reasons for a new building still exist and others have been created during the year. In the first place, our present enrollment and projected enrollment indicate that there has been a 20% increase in the number of pupils. These, added to already crowded classrooms, make the situation more serious. Below is given the projected enrollment for the next five years: (The figures for the year 1958-59 were taken as of Jan. 5, 1959).

Projected Enrollment

JEFFERSON

Year	Grades								Totals
	1	2	3	4	5	6	7	8	
1958-59	20	8	14	17	11	12	11	12	105
1959-60	11	20	8	14	17	11	12	11	104
1960-61	13	11	20	8	14	17	11	12	106
1961-62	14	13	11	20	8	14	17	11	108
1962-63	16	14	13	11	20	8	14	17	113
1963-64	14	16	14	13	11	20	8	14	110

At one time this year we had 117 pupils in school, but since then two families with seven children in school moved away, plus some children whose parents work at the hotel in the fall and spring.

Another reason, previously stated, but more graphically presented by the added emphasis of fire precaution in schools, caused by the terrible fire in Chicago, is the potential fire danger to the student body because of the construction and lay-out of the present building. While each room has two exits, an explosive type of fire could well trap some students in the building, especially in the lower rooms.

Still another reason is the rising cost of construction which has taken place annually. The architect and building contractors all agree that we can expect to see building costs continue to rise in the future. The annual amount of \$2000 put away each year in the capital reserve building fund has not really kept pace with these rising costs.

So much for reasons for construction. You will notice that the bond issue asked for is larger than

that asked for last year. This is due to the increased costs mentioned and also to more square footage of construction. The classrooms and activity rooms will be larger under the present plans of construction to take care of the larger enrollments expected. The present thinking of the committee is that the classroom should be large enough to take care of thirty pupils in a room. To do this, we should have at least 900 square feet in each classroom, or twice the size of the present classrooms.

There are some favorable signs to offset the added cost of construction which should be mentioned. While the operating budget has gone up about \$2000 due to increased tuition costs and raises for the teachers, Jefferson can expect about \$3500 to \$4000 more in state aid in the summer of 1960. This is in addition to the \$4000 now received and entirely separate from the building aid that we can expect from the state. The construction aid is based on thirty per cent of the payments paid on the principal each year. If construction is started, no more payments will be made to the reserve building fund, and this amount (\$2000) is about what the operating budget is increased for next year. I know also that there will be some other increases in the operating budget if a new building is constructed; namely, additional janitorial service, more money for fuel, and more insurance, but some saving will be made for repairs and we should get better insurance rates on this type of construction.

I have tried to present the reasons why I feel Jefferson should construct the new building. The answer is up to the voters and the parents. If you wish to have a new school building, you are the ones to decide by your vote on March 10, 1959. The least each of you can do is get out to vote, one way or the other.

Teachers

Jefferson lost its principal, Mr. David Blair, who resigned to accept a position in Troy, N. Y. Mr. Blair did much to raise the standards of the school, for which we are all appreciative. His place has been taken by Mr. Roger Meserve of Berlin, N. H. Mr. Meserve is a graduate of Keene Teachers College and taught one half year at Portsmouth. Mr. Meserve has

continued Mr. Blair's program in basketball and also has been giving instruction in skiing to the pupils one or two afternoons a week.

In the section on budget you will note that an increase has been put in for the teachers. The state average for elementary teachers for this current year is \$3981 or nearly \$600 more than three of our present teachers are receiving. Even though the salaries in Jefferson have increased by \$200 each year, the average raise in the state has been more than that. It appears that we still must continue to add to our present salaries if we wish to keep pace with what the rest of the state is doing.

Enrollment and Attendance

Our percentage of attendance showed a slight decline from last year due to so many contagious illnesses contacted by the pupils. The average for the building was 93.2% which is not too bad for elementary grades. We again had a decline in the number of instances of tardiness.

The enrollment of the school at the end of December was 105 as against 90 for the same time last year. The increase in enrollment resulted primarily from new families moving into town. At one time in the fall before the hotel personnel moved south, we had 117 pupils in the building.

Tuition

The number of pupils attending high school this year is about the same as last year, 26 attending Lancaster High School and 12 in Berlin. Next year it is estimated that we will have a few more attending high school than this year.

Lancaster's tuition rate for next year will be \$320.00 and the rate at Berlin will be \$388, which is the state average cost per high school pupil. The increase in the rate at Lancaster means an increase in the budget of \$750.00.

Building and Equipment

The Board has followed the same policy regarding repairs to the school house as last year. The policy is that only a maintenance program will be carried out until the voters decide if they are going to build

a new structure or not.

The same policy holds true regarding equipment, and any that has been purchased can be removed into the new building, if constructed.

Budget and Warrant

The School Board's budget for 1959-60 is \$42,995.-21 as compared with \$43,144.88 last year. Any money put into the capital reserve fund or voted for building costs will have to be added to the proposed budget. The major increases in the budget as now proposed are caused by raises to the teachers and added costs of tuition. Both of these were explained under the section concerned with the subjects.

Explained under the foreword is the added state aid expected by the District, which will more than offset the increase in the budget.

The warrant will contain, in addition to the regular motions, articles calling for a vote on the construction of a new building, plus accompanying articles to take care of the additional finances needed if the building is voted. These are explained under the foreword. It might be well to mention that at least two members of the School Board will have to be chosen, and possibly three. Adequate thought should be given to your choice as an entirely new board might be elected.

School Calendar 1959-60

(Coincides with Lancaster School District)

First Term

September 9, Wednesday, School Opens
December 18, Friday, School Closes
School Term in Days—71

Second Term

January 4, Monday, School Opens
February 19, Friday, School Closes
School Term in Days—35

Third Term

February 29, Monday, School Opens
April 22, Friday, School Closes
School Term in Days—39

Fourth Term

May 2, Monday, School Opens
June 18, Saturday, School Closes
School Term in Days—35

Days Out

Teachers' Convention—October 15-16
Thanksgiving—November 26-27
Good Friday—April 15
Spring Institute
Memorial Day—May 30

Conclusion

I would like to thank the members of the School Board, the teachers, students and parents for their help and interest in school affairs during the year.

Respectfully submitted,

GORDON R. TATE
Superintendent of Schools
